

Hampton Inn Before:

We designed additional seating in the front grass area to maximize tables and give customers a street view. We sheltered guests from the street traffic with short hedges.

New landscaping, lighting & furniture and plants.

Awning changed to black, facade freshly painted.

Hampton Inn Wilde on The Porch After:

Additional small palms were added to the green space along with plants along the porch wall. Plants were hung along with decorative lighting under the new awning.

All tables, chairs, host stand and glassware were replaced. Outdoor TV's installed on facade.
